This is the question triggered off in the two paintings, as both artists believe viewers are instrumental in the definitions of saliency and the Sublime. Digimarks are optionally supplemented with a search service that crawls the Internet tracing and reporting copies. He felt the birds haunted him, and the pictures have an equally haunting quality, with the birds' shining dead eyes staring up at the camera.

Ifyourvirusscannersaysthatthereis,pleasereportittothemakersasafal second tension thus emerges in the paintings, that between nature and supernature. We next examine the four aspects of light and optics on a paint film: reflection, refraction, absorption and diffraction.
