Following the commercial success of her early novels such as Adventures of the Wishing-Chair and The Enchanted Wood Blyton went on to build a literary empire, sometimes producing fifty books a year in addition to her prolific magazine and newspaper contributions. He seems to be aging one year of his life every day.

The boy runs away from his home in New York City to live in the Catskills Mountains. This one was a lot sillier I also believe at one point the boys before the brother died had a secret hide out in the woods, and also at the end the dog leads the boy to the dead brother's toy in the mentally disabled boy's backyard. I adored .

He started off as a typical jock, pretending it was his birthday just to get free
