You are NOT the coach or the manager! Your fight-or-flight response may still be triggered, but, when you feel challenged, you choose to fight, not flee.

Athletes might answer in a particular way so they were seen as highly motivated. To this end, athletes' sport orientation and attitude toward doping were quantified, measured by scales, and Athletes and Attitudes analysed. Watch Your Tone. Forget the crap you see on television from the majority of professional and high visibility D-I athletes: The grandstanding, celebrating, fighting and cheating.

What many athletes do not realize, though, is that a positive attitude is a perception. Differences in knowledge and attitudes were analyzed using an independent samples t test.
