Escalating assertion can be employed when your first attempts are not successful. Because each student is unique, teachers—especially those in inclusion classes—must use diverse strategies suited to students' broad array of abilities, intelligences, and learning styles.

Ongoing assessment is necessary to keep all students in inclusion classes. In other words, holding high expectations is not simply a matter of cheerleading; it requires insight into how students may interpret a teacher's words and behaviors. Uncontrolled emotions and stress can also impact your mental health, making you vulnerable to anxiety and depression. As a result, they are taught with inferior materials and equipment and have fewer resources. In addition, those teachers and they are legion who insist on a single pedagogical style and who see other styles as being out of step, may be refusing to allow students to work to their strengths.
